Introduction:

This document has been created in order to inform the parents/carers of what their children are learning in French at Gonville Academy. Parents/carers can use it in many different ways. They can ask their children which topic they are studying, read and learn about the vocabulary and:

- Practice and revise with their children what has been taught during the last lessons or the whole scholar year to help them to be more confident and remember the vocabulary.
- Give the document to their children and encourage them to work independently and revise what has been taught during the last lessons or the whole scholar year.
- Look if ICT links are available to let their children revise using the computer, playing games, listening to a song or reading a lesson online.

You will find also bellow a key showing which type of fonts are used in the document in order to help yourself to understand it:

- **Colours:** help to understand the construction of the sentences
- **Bold:** French articles (Eg: “les” / “the” for plural) to do not forget
- *Italic:* grammar reference
- **Highlighted text:** link for ICT (games, songs, lessons...)
