Results of parent and carer questionnaire – July 2018

- Feedback was extremely positive, and we received useful comments as to how to continue to improve.
- 99.5% of parents felt that they received good information about their child's progress, and that teachers were happy to discuss any concerns.
- 12 parents (7%) did not agree or strongly agree that bullying was dealt with effectively. 10/12 of these parents (5% of total respondents) said they did not know, as their child had never been bullied.
- 100% of our families felt their children were safe, happy and well looked after in school, and 100% would recommend the school to other parents and carers.
- We received some wonderful comments for individual teachers, which were fed back to them. Thank you for your continued appreciation and support.

Thank you!

We are always keen to have feedback from parents, and were grateful for the positive comments we received from many parents.

As a result of the feedback, we have reviewed homework so it is more consistent across year groups. We will also continue to provide guidance for parents who wish to support their child with further homework in addition to that provided by the school.

We have also published more detailed curriculum information on the Gonville Academy website, and will continue to update it throughout the academic year.
